

NOR 710

Dimensions

Retro (self-adhesive) Option

Compliant with Document 'E'

Cold smoke

Draught excluder

The versatile **NORSOUND 710** perimeter seal offers both retro fit and kerf fit options to door frame head and jambs.

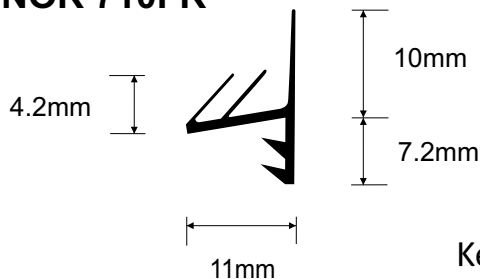

Available ex-stock in WHITE, BROWN & BLACK at 2100mm.

Fitting Instructions:

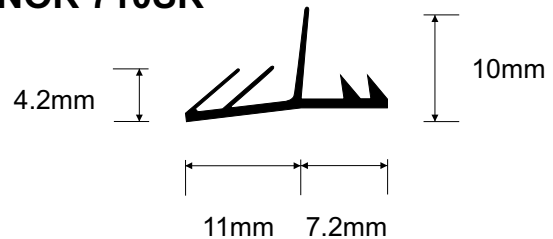

- The **NORSOUND 710** must be fitted with the door fully open.
- Ensure the fitting surface is free of grease and dust.
- Peel off protective backing to reveal adhesive edge.
- Place the adhesive edge on the frame ensuring the upright rear blade is against the door stop.
- Gradually fit the **NORSOUND 710** from top to bottom of both jambs then the head last ensuring that the upright blade is against the entire length of the stop.
- Once fitted, trim to the desired length with a sharp knife or scissors.

Extensive test data for all **NORSOUND** products is available on request.
